

WHAT

Specially designed fabric header for the Turbo 180 collection by Lanificio F.lli. Cerrutii,

HOW

Combining a multitude of techniques, 3D silk screening, plexiglass case, stained and screened wood header, this became a very special presentation for these high quality fabrics.

WHY

We wanted to emphasize the connection between luxury and fabrication, key elements behind the Cerruti brand. We needed this to be a working tool that was practical and luxurious at the same time.

WHAT

The promotional display for Turbo 180 Collection. These graphics and textile sample communicate the intricate process of textile creation.

HOW

These graphics and textile sample communicate the intricate process of textile creation..

WHY

We wanted to emphasize the connection between luxury and fabrication, key elements behind the Cerruti brand. We needed this to be a working tool that was practical and luxurious at the same time.
